Warning!, Biocide, H400, H410, H411

Water Treatment Silvertex, 30 l

WM aquatec

Information

Dimensions	13 x 2 x 7.5 cm
Pack size	11.5 x 7.5 x 2 cm
Net weight	10 g
Gross weight	16 g
Catalogue page	420

Specifications

Colour	white
Variant	for tank capacity up to 30 l

Silvertex protects the water in the tank against recontamination for up to 6 months without any dosing effort – automatically with every new tank filling! Silvertex prevents the formation of biofilm and thus protects not only the water but also the entire fresh water system. The water is conserved by the automatic dosing of pure silver ions (no nano-silver!) – active agent according to DIN EN 15030.

- Easy to use – self-dosing
- Flexible material – fits almost all tank openings
- Automatic dosing of silver ions with each new tank filling
- Active agent according to DIN EN 15030
- Conserves up to 40,000 litres of water depending on the version
- Pure silver ions without additives such as chlorine or minerals
- Suitable for stainless steel and plastic tanks
- Change recommended 1 x per year
- BAuA (German Federal Institute for Occupational Safety and Health) regulation no.: N-108213
